

Acta Neurologica Taiwanica

Instructions for Authors

EDITORIAL SCOPE

Acta Neurologica Taiwanica publishes informative and intriguing reviews on topics related with neurology, and original researches or case reports that provide clues in understanding the mechanisms or treatment strategies of neurological diseases. All areas of clinical and basic neuroscience are of interest to the journal.

EDITORIAL POLICIES

Since July 2010, authors are required to submit their manuscripts electronically, being e-mailed to editorial office acta@mail.hato.com.tw. An acknowledgement of receipt will be sent to the authors within two workdays with an assigned manuscript number for their manuscript.

Manuscripts must be solely the work of the author(s) stated, not have been published elsewhere, and not be under consideration by another journal.

Every article will be thoroughly inspected by Editors prior to peer review. Decisions are made based on the comments of Editors and reviewers.

MANUSCRIPT CATEGORIES

Editorial / Views

Editorial and Views will be written in-house or solicited by the Editors.

Reviews

Review articles will be solicited by the Editors. Historical reviews are also accepted for consideration.

Original articles

Original articles are full-length reports of original clinical or basic researches.

Case reports

Consent for publication in print and electronically must be obtained from the patient or, if this is not possible, patients' relatives.

Clinical pictures

We will consider clear and interesting Clinical pictures submitted with a descriptive paragraph of up to 300 words. Authors must obtain signed informed consent from the patient.

Correspondence

Correspondence letters on content published in Acta Neurologica Taiwanica are not usually peer-reviewed. The journal might invite replies from the authors of the original publication, or pass on letters to these authors.

MANUSCRIPT PREPARATION

Manuscripts should be written in English and submitted in the form of Microsoft Word. The formation should be double-spaced, including text, tables, legends and references, at A4 paper dimensions, using a 12-point font size and a default typeface (e.g., recommended fonts are Times, Times New Roman, Courier, Helvetica and Arial). Set the left margin at one inch, and the right margin at one-half inch or more. Do not justify the right margin; leave it unaligned.

The submissions should include (in the order):

• Cover letter

The cover letter should include (1) corresponding author's name, degrees and affiliations, address, telephone and fax numbers, and e-mail address; (2) An acknowledgement that all authors have read and approved submission of the manuscript, and the manuscript has not been published and is not being considered for publication elsewhere, in whole or in part, and in any language.

• Title page

The title page should contain all of the following informations: (1) title and running head; (2) all authors' names, degrees and affiliations; (3) corresponding author's contact information.

• Abstract

Abstract will be required in Reviews, Original articles, and Case reports. The abstract will be limited within 250 words. Abstracts of Original articles must be submitted in the following structure: Purpose, Methods, Results, and Conclusion. Abstracts of Case report must be submitted in the following structure: Purpose, Case report, and Conclusion. Up to five key words are asked to list following the abstract.

• Text

The structures of the text should include the following sections: Introduction, Methods, Results, and Discussion. Each abbreviation should be defined at the first time it appears. References should be cited using superscript numerals, e.g. 1 or 3-6.

• Acknowledgement

All sources of support for the present work should be mentioned in this section.

• References

Cite references in the numerical order in which they first appear in the text. These should be in the Vancouver style. Titles of journals should be abbreviated according to Index Medicus style, and all authors should be listed. Sample styles are as followed:

Journal articles

Chen CC, Luo CL, Wang SJ, Chern CM, Fuh JL, Hu HH. Colour Doppler imaging for diagnosis of intracranial hypotension. *Lancet* 1999;354:826-829.

胡漢華：血管性失智症。臨床醫學月刊 1989；23：9-12。

Books

Chu NS, Hochberg FH, Calne DB, Olanow CW. Neurotoxicology of manganese. In: Chang LW, Dyer RS. Eds. *Handbook of Neurotoxicology*. Marcel Dekker, New York, 1995,91-103.

胡漢華、許弘毅：神經超音波。台北市：台灣腦中風病友協會，2008。

蔡清標：神經免疫學。吳進安等編，神經診斷學。初版。台北市：揚智文化，1998：499-514。

• Tables

Tables should be cited in order of appearance in the text. Each table should be given a number and a brief informative title. Please arrange each table on a separate page.

• Figure Legends

Type double-spaced on pages separate from the text and figures. Provide one legend for each figure, and number legends in sequence.

• Figures

Figures should be cited in order of appearance. Please do not import illustrations into PowerPoint or Word. Digital photography files should have a resolution of at least 300 dpi and be at least 75 mm wide. Figures of other patterns must be submitted in TIFF, JPG, or GIF format.

COPYRIGHT

In accordance with journal implementation of the Copyright Law, author will release the first and subsidiary rights of their manuscript at submission. A letter containing the submission date and signatures of all authors is required.

REPRINTS

Reprints will be available when ordered in advance to publication. An order form will be sent to the author before publication.

SUBSCRIPTION

Please contact Editorial office acta@mail.hato.com.tw by email or by phone. The subscription rate is NT\$1500 per year (Foreign US\$ 75 per year).
